WORK PLANNED BY CITY COUNCIL

Sewer in Northwest Section of City and New Truck House.

APPROXIMATE $16,600.

Appropriation and License Bills Introduced and Referred to the Committee on Finance.

An average volume of business came up in the City Council last night. Most of the papers were introduced in the Aldermen, and the lower board, which was ready to adjourn shortly after having been called to order, recessed while waiting for papers from the upper board. Councilman Monroe entered the Aldermen's chamber twice and announced that the lower board was ready to adjourn.

Board of Aldermen.

All the members were present when the board was called to order.

Mr. Field presented the appropriation bill for the year beginning June 1st. It was referred to the finance committee.

He also presented the license bill for the coming year. The figures are unchanged from those of last year. It, too, was referred to the finance committee.

The resolution appropriating $12,000 for the erection of a new engine and truck house was favorably reported by the finance committee, to whom it was referred last week, and it was adopted by a unanimous vote.

By a unanimous vote a resolution approriating $300 for the entertainment of the Virginia Press Association which meets in this city next month was adopted.

Resolutions appropriating $4,700 for sewer work in the northwestern section of the city were adopted.

The Aldermen concurred in the action of the Common Council on all papers sent in save two—allowing the Cardinal Athletic Association the use of the lot at Cameron and West streets, which was laid on the table, and a resolution allowing the Southern Railway Company to place poles in the alley leading from Henry street to Patrick and from Patrick to Alfred, between Prince and Duke, which was referred to the committee on street.

The business which came up caused but little discussion, all the votes were unanimous in all cases.

Common Council.

The Common Council transacted a large amount of routine business last night in a comparatively short time.

The only members absent were Messrs. Marshall and Bryan.

The Second Baptist Church asked that the pump at the corner of King and Peyton streets be removed, and their request was granted.

Mrs. Sophia A. Smith asked that the pump in front of 111? Prince street be removed, and this request was also granted.

Mr. Williams introduced a resolution directing the committee on streets to designate suitable locations for watering troughs and their cost, and report to Council. This was passed. The resolution stated that these watering troughs were made necessary by the removing of pumps.

A grocery bill for $23.32 from the health department was ordered paid.

A petition from the property owners on Commerce street between Prince street and Stone Bridge, asking that a sewer be laid on this square was received, and $215 was appropriated for the work was granted.

Ordinances were passed fixing the grading on Fairfax street from Wythe to Montgomery and on Wythe street from Washington to Fairfax.

A petition was received from the Southern Railway asking the right to erect poles in the alleys running from Henry to Alfred streets between Prince and Duke streets, in order that they may get electric current to their new office building, 910 Prince street.

This petition was presented by Mr. Brumback, who is attorney for the road.

It was suggested by Mr. Smith that as the city did not own the alleys, Council could only give its consent subject to the consent of the property owners, which was done. The matter afterwards came back from the Board of Aldermen which body had refused to concur and had referred the petition to the committee on streets.

Council rescinded its former action and concurred in the action of the Aldermen.

M. T. Dwyer was granted permission to build a frame porch at 1018 Queen street.

The Cardinal Base Ball Club was granted permission to construct a diamond, and to play base ball on the lot at the corner of Cameron and West streets.

An ordinance appropriating $2,000 for the extending of the northwest sewer on Alfred street from Wythe to Pendleton was laid over until the next meeting. Similar action was taken on two others, one for $1350 for building a terra cotta sewer on Pendleton street from Alfred to Columbus and half a square in each direction on Columbus street; the other for $1350 for a terra cotta sewer on Wythe street from Alfred to Columbus and half square in each direction on Columbus.

The Alexandria Hospital asked that Council appropriate $5,000 for the building fund for a new hospital. This petition was referred to the committee on finance.

An ordinance appropriating $12,000 to construct a new truck house by day labor and sub-contract under the supervising of the committee on streets and fire, was passed by the Board of Alderman and laid over by the Common Council.

On motion of Mr. Chauncey $600 was appropriated to buy a new pair of horses for the truck, and the committee on fire was given authority to sell the old horses.

The appropriation bill and the license law were referred to the committee on finance.

Three hundred dollars was appropriated for the entertaining of the Virginia Press Association on June 23rd.

NEWS OF THE DAY

According to Medill McCormick, of Chicago, leader of the Progressive party in Illinois, and now war correspondent in Mexico, Private Samuel Parks, of the Twenty-eighth Infantry, whose sinbular disappearance from the American lines outside outside of Vera Cruz has been a matter of considerable conjecture and apprehension, was executed on Friday morning last by order of the commandant of the Mexican Federal post at Tejera and his body burned.

Only the faint click of the picture machine could be heard in a Torrington, Conn., motion picture theater Monday evening, when a lovers' scene was being shown. The picture story had reached the point where the lovers embraced when the silence was broken by the voice of a little girl, who, turning to her father, exclaimed: "Oh, papa, that's what the doctor did to mamma." The remark caused uproarious laughter.

Two large diamonds, valued at $100,000 were lost in Paris late Monday by Mrs. K. Richards of Atlantic City. The police believe they were stolen. Mrs. Richards, who is passing the season in Paris, went to the opera Monday night, and went to a restaurant for supper. At that time she was still wearing the diamonds, and it was not until after supper while speeding in her automobile to her apartment in the Blue Pierre Charron, that Mrs. Richards discovered her loss.

Alfred M. Case, representative in the territory of Cumberland, Md., for a Pittsburgh firm, was held in $1,000 bail by Justice Jacob B. Humbird yesterday afternoon for the action of the October grand jury on a charge of mistreatment preferred by Daphne M. Wigfield, 14 years old, daughter of E. J. Wigfield. The girl had been employed by Case as a demonstrator of canned goods in a grocery. It is alleged Case induced her to go with him for ice cream one night after the store had been closed, when the alleged attack was made. Case, who has a family, here, denies the charge.

BRIGHT'S INJURY PROVED FATAL

Alexandrian Shot by Special Officer Succumbs at Hospital.

LARCENY IS ALLEGED.

Same Man Who Was Shot Eighteen Years Ago by Officer Hall While Fleeing From Arrest on the Strand.

William Bright, of this city, was taken to the Alexandria Hospital shortly before noon today suffering from a dangerous wound in the abdomen received, it is said, when accosted by Special Officer Rector, who, it is claimed, caught him in act of carrying off a box of tobacco from a Southern Railway car. It is claimed that Bright drew a pistol on the special officer. The shooting occurred near one of the side tracks in Fairfax county, near Alexandria.

Bright, after having been taken to the hospital received surgical attention from Drs. Smith and Delaney. He subsequently lapsed into a semi-stupor and was not disposed to talk of the circumstances leading up to the shooting. His death followed between two and three o'clock this afternoon. During his boyhood days he often gave the police trouble, and about eighteen years ago, it will be remembered, he was shot and dangerously wounded by Officer Hall on the Strand he having at the time, it was claimed, stolen brass in his possession, and refusing to halt when commanded to do so by the officer, the latter discharged his pistol with no intention of shooting the youth.

He was at that time shot through the intestines, and it was supposed his injury would prove fatal. To the surprise of all he howeve, he later showed signs of convalescence and finally recovered.

Special Officer Rector today arrested a young man named Lawrence Pettey, in connection with the above case.

SHRINERS AT ATLANTA.

Spectacular Features in Connection With Imperial Council Meeting.

Atlanta, Ga., May 18.—Two parades viewed by serried thousands, were held here yesterday by the Mystic Shrine in conection with the annual meeting of the Imperial Council.

Resplendent in Oriental costumes and headed by the bands of the various temples, the Shriner patrols, followed by the members of the different temples in formal dress last night marched in the annual night pageant of the order. It was estimated that more than 10,000 Shriners particopated in the event. The march began at 7:30 o'clock and did not conclude until near midnight.

The morning parade, officially termed an escort to the imperial potentate, began promptly at 8:30 o'clock, and was not concluded until noon. The day was nearly perfect.

The representatives of all the States and cities were showered with applause and cheering, the famous $10,000,000 combined band of the California temples coming in for a large share of the enthuiastic demonstration, which continued from one end of the line of march to the other.

Atlanta, Ga., May 13.—Dr. Frederick R. Smith, of Damascus Temple, Rochester, N. Y., today was elected imperial potentate of the Imperial Council, Nobles of the Mystic Shrine, at its annual conclave here. Dr. Smith succeeds William W. Irwin, of Wheeling, W. Va. Two offices remain to be filled, these being imperial captain of the guard and imperial outer guard. They will be elected later.

THROUGH CANAL NEXT WEEK

Panama, May 13.—The first ship to pass through the Panama Canal under regular conditions will probably make the trip early next week. According to Governor Goethals, the channel through Cucarachua will be completed about Thursday, and observations will be maintained on the slide for a short time. The report that the steamer Pennsylvania of the Pacific Mail Line, will make the passage of the canal is erroneous.

Passion Play in England.

London, May 13.—The famous Oberammergau Passion Play is to be performed for the first time outside of Germany next July, when it is planned to give a performance by the original company in England.

The lord chamberlain having refused to license the Passion Play, it is impossible to give it in a theater, so the performance will take place in the open air.

A picturesque location has been selected near a large town on the south coast, where the huge stage and amphitheater for the spectators will be erected.

Skull Broken by Fall.

New York, May 13.—William Curley, seven, of 544 West 42nd street, was taken to the Flyclinic Hospital yesterday with a fractured skull, and died last night.

The case was deeply interesting to physicians because the boy had suffered the injury last Saturday, and had not complained of any pain. He became drowsy in school yesterday and, after much questioning recollected having fallen in the street while playing base ball on Saturday. The teacher caused an ambulance to be called.

DEATH IN THE STORM.

Buildings Collapse, Causing Great Consternation—Circus Tent Wafted Into River by Tornado.

Kittanning, Pa., May 13.—When a tornado swept over this valley last night, leaving death and devastation in its wake, one man was killed and at least five persons injured. One of the latter, Miss Sadie Bouch, is suffering from a fractured skull and cannot recover. Fully $250,000 damage was done by the storm, which struck the city with full force at 5:30 o'clock. The heaviest damage was suffered by the Kittanning Pottery Company and the Kittanning Glass Company.

At the former plant, a three-story building, the uper two stories, used by the finishing, sorting, decorating and shipping department, were torn loose and crashed through the lower floor. Charles Moore, who was at work on the lower floor, sustained a broken back and died in a few minutes after being rushed to the hospital.

When the storm struck the Kittanning Glass Company's buildings they were unroofed, walls crumbled down or toppled over and a fire which started among the debris threatened for a time to complete the destruction. Officials of the company say their damage will reach $100,000.

The roof of a large apartment house in which there were eight families was torn away and carried 300 feet by the winds. The grandstand at the Kittanning ball park was piled up on the diamond a mass of broken timbers. Dozens of plate glass windows were caved in, telegraph, and telephone poles and lines are down, and the street car service is tied up. Several small buildings were leveled.

George Johnson was killed and five other persons were seriously injured when a tenement at New Kensington, Pa., collapsed in a storm soon after midnight. Fifty persons lived in the old building.

Johnston, Pa., May 13.—Following a savage wind and rain storm which early yesterday morning blew over the steeple of the First Baptist Church, in the heart of the business district, scattering tons of debris across Franklin street, came another storm of like proportions last night. The second one blew down the lofty flag pole in the centre of City Park, several pedestrians narrowly escaping injury. Fronts of several buildings were blown in, roofs loosened and a number of trees blown down.

In suburban districts decorations for the Knights of Columbus State convention were whipped to ribbons.

A large circus tent in which an automobile show was to have opened last night, was blown into the river, reset and blown down again.

Bridgeton, Barbados, May 13.—Col. Theodore Roosevelt has arrived here from Brazil, enroute to New York.

Colonel Roosevelt was asked if he would be a candidate for President in 1916.

The Colonel is quoted as replying: "I cannot tell if I am going to run until later developments. If I run it must be on a progressive platform, which the Republicans must accept."

KILLED BY FARMER.

Judge Advocate on Staff of Governor Blease, Shot to Death After Dispute.

Gray Court, S. C., May 13.—John M. Cannon, an attorney of Laurens, S. C., and judge advocate on the staff of Governor Blease, was yesterday shot and killed in a magistrate's court here by Joseph G. Sullivan, a farmer. A dispute arose during the trial of Sullivan's brother which led to the killing.

Cannon was chairman of the Laurens County Democratic Executive Committee and one of the political leaders of his section.

The parties walked from the courtroom in front of the depot, where a dispute arose between Sullivan and Cannon. Sullivan drew a revolver and fired five times, four shots taking effect in Cannon's body. Sullivan was arrested immediately and taken to the Laurens county jail.

Both men are prominently connected in politics of this state. Mr. Sullivan was defeated two years ago for the House of Representatives, and is from one of the best families of the State.

Mr. Cannon was chairman of the County Democratic Club, a member of Governor Blease's staff, and was recently appointed a regent of the State hospital. The killing has caused a profound sensation in South Carolina.

BOMB EXPLOSION AT BANK.

Adjoining Building Partially Wrecked and its Occupants Have Narrow Escape.

Newark, N. J., May 13.—The explosion of a bomb at the banking establishment of Matteo Parisi, of 200 Bruce street, threw the foreign settlement of that neighborhood into a great state of alarm today. The explosion was of such force that buildings of the entire neighborhood shook, and some buildings at 198 and 209 Bruce street, was practically gutted, while the occupants had a miraculous escape from death.

The bomb was placed between the buildings at 198 and 200 Bruct St. When the explosion took place the bomb evidently tore in the wrong direction, for, instead of wrecking the place for which the police believe it was intended, it partically destroyed the property at 198 Bruce street. Here in the front room Anthony Bardi, his wife, and three small children lay asleep.

The glass from the shattered front window and from the mirrors in the house was scattered over the sleeping persons, but no one was injured.

On the second floor, where Frank Delfo and his wife and child lay asleep, the windows were blown out.

Anthony Papalardo and his wife, who occupied the rear of the second floor, also escaped without injury. All were shocked by the violent explosion.

Parisi said today he had never received any Black Hand letters or threats of any kind.

"Firebug" at Work.

Louisa, Va., May 13.—Fires early today at the railroad station and the home of a witness in the grand jury investigation of the death of Victor Hall, of Green Spring, were believed to be further evidence of a widespread incendiary and murder conspiracy. Great excitement resulted from the apparent renewed activity of the "firebug" while the grand jury was in session. Homes of two witnesses have suffered from fire.

READY FOR ELECTION

Candidates For Council Make Final Preparations For Tomorrow's Contest

The campaign for seats in the City Council will close tonight. While the candidates have been anxious during the past few weeks, there has been, so far as could be seen, no spirited canvass, although in some instances there are tracks of gum shoe movements.

As has been stated, there are 23 would-be city fathers in the ring, some of whom are candidates to succeed themselves. There are many speculations, and slates, believed to be infallible, have been prepared by some who believe they have sized up the outcome. No one, however, can positively say who will be the successful competitors, as there is a vest pocket vote difficult to count.

The polls will be opened at 5 o'clock tomorrow morning. First ward, Alexandria Light Infantry Armory; second, the City Hotel on the south on north Royal street; Third, Odd Fellows' Hall; Fourth, Friendship engine house. They will close at 7:12 p. m.

The judges of election are as follows: First ward—William E. Moore, C. P. Waller, Frank L. Moore; Second ward R. M. Latham, James T. Patterson and C. M. Schwab; Third ward, Frank M. Penn, James B. Martin and W. E. Hinken; Fourth ward, John Lawler and C. M. Lennon.

The candidates for the Aldermen and Common Councilmen are:

ALLEGED VIOLATION OF LAW.

J. B. Clinedist, agent for the department of labor of the State, appeared in Police Court today as complaint against the Virginia Glass Works for employing a girl under 14 years of age for work in their factory. The representative of the glass company acknowledged that the girl was only 13 years of age, but said that when they had discovered it she had been discharged. She had only worked two days when found by Mr. Clinedist. Justice Caton dismissed the charge on the ground that the company had taken steps to carry out the law when they found it was being violated.

VISITORS TO MT. VERNON

Governor Makes Changes—Robert S. Barrett Appointed in Place of A. D. Brockett

Governor Stuart yesterday announced the appointment of the board of visitors to Mount Vernon, the home of George Washington, each member to serve for a term of one year, dating from April 11. Practically a new board was substituted.

The new board consists of the following persons:

William H. White, of Richmond.
R. Walton Moore, of Fairfax.
Thomas S. Winston, of Richmond.
Robert S. Barrett, of Alexandria.
A. B. Chandler, Jr., of Fredericksburg.

William H. White, of Richmond, is the only member of the old board to be retained. Until April 11, 1914, the board was composed of Samuel W. Williams, of Wytheville; J. Taylor Ellyson, of Richmond; Dr. Douglas S. Freeman, of Richmond; William H. White, of Richmond, and A. D. Brockett, of Alexandria.

The board of visitors will make its annual inspection of Mount Vernon on May 20, it was announced yesterday. The duties of the board of visitors are practically restricted to the annual inspection and dinner given by the Mount Vernon Association.

The governor also announced yesterday the personnel of the new Virginia Commission on Uniformity of Legislation, the appointments effective for a term of one year from April 11, 1914. The new commission is composed of Eugene C. Massie, of Richmond; James R. Caton, of Alexandria, and Hugh A. White, of Lexington. Mr. White replaces Park P. Deans, of Windsor, on the commission, which otherwise remains unchanged.

An annual appropriation of $150 is provided by the General Assembly to defray the expenses of this commission while attending the National Conferences on Uniformity of Legislation.

RED MEN GIVE PARADE.

Members From Baltimore and Alexandria Augment Procession in Washington.

There was plenty of red fire and Indian costumes on Pennsylvania avenue, Washington, last night, for the Red Men had a parade.

There were 100 members of the order initiated at a meeting in old Masonic Temple, but before that they had a parade. A delegation from Baltimore added 300 marchers to the procession and they brought their own band. Osceola Tribe, of Washington, said to be the oldest tribe in the United States, was in line and a delegation from Alexandria headed the line of march.

E. R. Boyer, of the Red Wing Tribe, was the grand marshal of the parade and after the march down Pennsylvania avenue the Red Men filed into old Masonic Temple at Ninth and F streets where the initiation ceremonies were held. The marchers in Indian costume excited all sorts of comment from pedestrians along the avenue, as the parade was totally unheralded.

Nearly all the members were in costume and the red lights helped out the effect of the parade.

WAGON WHEEL SMASHED.

Team in Charge of Soldiers Collide With Grocer's Wagon on King Street.

While a wagon belonging to B. C. Donaldson, grocer, of Seminary Hill, in charge of Bernard Howard, was in front of a store on the south side of King street, between St. Asaph and Washington this morning, it was struck by a team in charge of soldiers and one of the wheels of Donaldson's vehicle was demolished. One who witnessed the collision say that it could have easily been avoided, as there was plenty of room for the wagon containing the soldiers to pass. There is some street work in progress at the scene, and it is supposed the soldiers in endeavoring to clear the opening caused them to pass too far to the south, hence the collision.

Officer Roberts, who was nearby at the time obtained all the facts in the case and is making an investigation. The soldiers, it was said, come to the city daily.

A press dispatch from Rome to Berlin yesterday afternoon stated that the condition of Pope Pius X again is giving some uneasiness to his friends. It is feared that the burden of the coming consistory may further disturb the Pontiff's health.

Widow of Young Louisa Merchant, Mysteriously Shot.

Louisa, Va., May 13.—Upon the advice of counsel, Mrs. Victor Hall, whose husband was murdered in his store at Green Spring depot, about eight miles from this place, early in the morning of April 15th, has refused to testify before the special grand jury which is investigating the case.

Ever since Victor Hall was killed there have been rumors connecting his wife with the murder, and in view of these and the fact that possible action may be taken against her, R. Lindsay Gordon, attorney for Mrs. Hall, advised her not to tell her story to the jury.

This may bring the investigation to a crisis and result in an indictment. The theory believed by many is that Victor Hall was not killed in his store, but in his bedroom—possibly in bed—and dragged into the store.

When neighbors arrived a few minutes after the murder they found Hall lying just outside the bedroom door, in the storeroom directly adjoining. His feet were towards the door. He had been shot in the back of the head. Mrs. Hall had placed a bolster under his head and spread a blanket over him. He died a few hours later, without regaining consciousness.

Many believe that the person who set fire to Dunkum's store killed Victor Hall. Dunkum's store was just across the railroad from Hall's store. The proprietor, W. R. Dunkum, was not on the best of terms with Mrs. Victor Hall. The theory is advanced that Hall learned the identity of the incendiary and threatened to make it public and the incendiary shot him to prevent him from carrying out his threat of exposure.

HIT BY THROWN BALL.

Miss Carwile, a Spectator, Injured Saturday During Game at

Naruna, Va., May 13.—An unfortunate accident marred the first of two base ball games between the Rustburg and the Naruna High Schools here Saturday afternoon, when a ball thrown to first by the Rustburg catcher to head off a runner struck Miss Carrie Carwiles on the head, rendered her unconscious for fifteen or twenty minutes. She was hurried to her home in an automobile and medical aid summoned.

Edward Hamilton, colored, held on the charge of attacking a 10-year-ol white girl, was taken from the parish jail at Shreveport, La., and lynched yesterday.

Three sticks of dynamite thrown mysteriously in a bedroom occupied by Mrs. Darwin Hinckley and her two daughters, in Kingston, N. Y., early yesterday exploded and seriously injured two of them. One of the daughters, Violet Winchell, escaped unhurt, but the other, Rena Hinckley, was badly burned, and Mrs. Hinckley received injuries which may result in blindness.

Missing his baby boy, who daily welcomed him home, William L. Browning, prominent attorney and real estate operator, of Washington, early last evening found the child's body at the bottom of a swimming pool in the yard of his residence, 3216 Newark street, Cleveland Park. No one knows how the boy was drowned. Earlier in the afternoon "Billy" and his playmates ran around the edges of the pool. Then they went to their homes. Members of the Browning family were absent at the time. Mr. Browning came home shortly after 6 o'clock. Not finding the youngster he rushed to the pool. "Billy's" body was found in eight feet of water.

CLAIMS SUICIDE AS HUSBAND.

Woman Refused Body of Man Who Killed Girl.

Bristol, Va.-Tenn., May 13.—A young woman, claiming to be the widow of Edward Robinson, an East Tennesseean, who committed suicide at Aenova, W. Va., after having shot to death a girl said to have been his sweetheart, was diappointed when she came here yesterday to claim the body. She found it was in charge of a young man who said the mother of Robinson should be given possession.

Robinson had been away from East Tennessee for years, and his wife is said to have been ignorant of his dual life. The body was sent to the mother at Neva, Tenn., the widow going there on the same train.

AGAIN VIEWS BODY.

Miss Chenault is Positive Dead Man Did Not Assault Her.

Richmond, May 13.—Miss Fannie T. Chenault yesterday viewed for the second time the body of Samuel Thompson, the negro shot by Detective Sergeant Krengel Sunday afternoon while resisting arrest, and again said that he was not the man who committed a brutal assault upon her Saturday night. The body had been dressed in the clothes worn by the negro at the time of the shooting, but the young woman stated to the police officers who accompanied her that the man was neither as tall nor as heavy as her assailant.

Maintaining the same good spirits and showing but few ill effects of the reported treatment, the story of which shocked Henrico County and Richmond, and caused a state-wide search for negroes wearing blue overalls and black slouch hats, Miss Chenault appeared the least excited of the group which entered the morgue at the Hayes undertaking rooms. She showed no hesitancy in approaching close to the marble slab upon which the body lay, and in gazing into the face of the dead man. She critically examined the features, measured with her eye the size and bulk of the form, and then, shaking her head in a negative way, said that he could not have been the brute of Saturday night.

Police are now in a quandery over the disposition of the body. Thompson was told several hours before his death that it was improbable that he could survive the effects of the operation, and was asked to tell the names and residence of relatives. He refused to do so and the police have as yet failed to learn of any family connection.

MOTHER SEES CHILD KILLED.

Four-Year-Old Boy Falls From Auto And is Crushed.

Roanoke, Va., May 13.—Smithwood, the 4-year-old son of Mr. and Mrs. W. O. Lipscomb, of this city, was killed yesterday morning in Salem when he fell from a touring car. The rear wheel passed over his neck, crushing it against a street car rail.

Mrs. Linpscomb, her daughters, Misses Elma and Estelle, W. O. Lipscomb, Jr., and Dr. W. L. Pressley, of Norfolk, were in the car.

Dr. Pressley reached the child in a moment, but life was extinct. The body was taken into a store, where it was found that the child's neck had been broken.

PASSING OF CITY PUMPS.

Both boards of the City Council at the meeting last night granted the prayers of petitioners for the removal of the pump in front of the new building now being erected for the Second Baptist Church on upper King street, for many years known as the "Sefer Blouse" pump, and that in front of house No. 1117 Prince street.

These pumps, the handles of which have been swung by several generations, will pass out of existence and the wells be filled.

A resolution was introduced in Council last night and referred which provides for the location of watering troughs at different points in the city for the benefit of horses and other animals now that public pumps will soon be things of the past.

Most all the public pumps of the city have passed away during the past three-score years, or since the construction of the city water works. In the olden times public pumps were gathering points, and animation about them was marked, especially during the summer season.

Many years ago one was located on the west side of Royal street, near King street. The water from this pump was regarded as fine and benches were placed about it for the comfort of all who came to quench their thirst.

What was known as the "Diagonal" pump was situated at the intersection of Cameron and Fayette streets. This also enjoyed a high reputation, and water sold throughout the city from carts at a cent a bucket came from this well.

The "White" pump, at Jefferson and Lee streets (Water street at that time) was also celebrated. People on hot Sunday evenings came from all sections of the city to refresh themselves from that well.

The "Bridge" pump at Gibbon and Pitt streets and the "Gate" pump, several squares further west, also enjoyed reputations in their day.

The laying of water mains and the pollution of the water in the wells has gradually caused the elimination of public pumps throughout the city. A few on the edges of the city still survive, but the greater number, especially those in the heart of the city, are no more.

MEXICANS FEAR LOSS OF TERRITORY.

Every foreign war which the United States has fought has been followed by territorial acquisition. Should the active war with Mexico which now seems imminent result in our restoring peace to the country and then bringing our soldiers back home, a precedent most thoroughly established would have been broken.

This precedent dates back to the War of 1812, for, while that struggle did not bring to us territory which we did not possess before it confirmed our right to hold the Louisiana Purchase, sold to us by Napoleon in order to deal Great Britain a blow and because of his military necessities. Indeed, going back still further, the War of American Independence may be regarded as having confirmed our title to the territory embraced within the thirteen colonies. Also it gave us the Northwest territory, from which Virginia troops, under George Rodgers Clark, drove the Britishers.

Following our war with Mexico in 1847, we added New Mexico and Arizona to the United States paying therefor the sum of $10,000,000. The treaty was so unpopular with Mexicans that it provoked a revolution, causing the overthrow of the government headed by General Santa Anna, who was banished as a traitor. The treaty of peace ceded us California, without money payment.

It probably is forgotten by the average reader that Florida really was secured by conquest. In 1818 General Andrew Jackson took Pensacola and Fort St. Mark. The following year or so negotiations were commenced with Spain for the acquisition of the entire territory, adjoining Alabama on the west and Georgia on the north, and in 1821 the treaty making the cession was signed.

Following our war with Spain the United States purchased Porto Rico and the Philippines, paying the sum of $20,000,000 to the Spanish government.

Hawaii and Alaska became American territory without a preceding contest of arms, Alaska passing into our possession upon payment of $7,200,000 to Russia, while we obtained Hawaii by assuming $4,000,000 of public debts owed foreign bondholders.

It is significant that as the result of wars about 1,000,000 square miles have been added to American territory from the area once claimed by Mexico.

CONDUCTOR FIGHTS BANDIT.

Negro Cook Comes to Rescue and Assaults Robber With Ice Pick.

San Francisco, Cal., May 13.—Little hope is held out for the recovery of a masked bandit who, after boarding the Coaster of the Southern Pacific Railroad as it entered this city Monday night, was shot and perhaps fatally wounded during a revolver duel in the dining car after having terrorized and robbed several passengers.

The man gave his name as James Holt, and said he was formerly employed by the railroad as a conductor.

Holt boarded the observation car of the train, and with a revolver in his hand started through the train.

When his demands for money were not immediately obeyed the bandit jammed his victims with the point of his gun.

Holt encountered the conductor in the dining car. The trainmen opened fire, and Holt replied with six shots before falling with a bullet in his body.

While the duel was in progress passengers crouched behind their seats in terror.

As Holt fell Albert Bandree, a negro cook in the diner, slipped behind the bandit and struck him with an ice pick, stunning him.

Two cases of alleged murderous assault wherein the circumstances are almost identical, one of which has already resulted in death, are being investigated by the police of Washington. John R. Bell, aged 24 years, while at work Monday on the new Commerce building at Twenty-first and I streets northwest, fell from a second-story window and received injuries which caused his death yesterday at the Emergency Hospital. The police say Bell, during an altercation with one of the other laborers, was struck on the head with a shovel and then thrown from a second-story window. The police are holding a man for investigation.

While traveling at the rate of sixty-five miles an hour, 800 feet above the ground, two army aeroplanes collided above Narnborough Eng., yesterday, killing two army aviators and seriously injuring a third.

A militant suffragette armed with a hatchet yesterday seriously damaged a valuable portrait of the Duke of Wellington in the Royal Academy in London. The woman was standing looking at the painting when she suddenly drew the painting from her muff and slashed the canvas three times. An attendant promptly seized her and took her to the police station, where she said her name was Mary Ansell.

The legislative program drafted by President Wilson that will govern the Democrats in Congress for the rest of the current session was adopted at a caucus of the House Democrats held last night. It provides for the passage of the three anti-trust bills in addition to the tolls repeal measure pending in the Senate and side tracks such proposals as rural credits, bank guarantee, and other legislation. Leader Underwood presented the views of the President to the caucus. He said it was Mr. Wilson's belief that it would be a good thing for the country and the party if Congress enacted the program indicated as speedily as possible and then took an adjournment.

REGESTER WINS FIGHT.

General Conference Will Not Divide Baltimore Territory.

Oklahoma City, Okla., May 13.—The Baltimore delegation to the General Conference of the Methodist Episcopal Church South scored another victory yesterday when the committee on boundaries and finance decided not to transfer the Lewisburg district from the Baltimore to the West Virginia Conference.

For two days the committee considered this question which was brought before the conference in the form of a memorial introduction by the West Virginia conference delegation. The committee voted 38 to 9, to report a recommendation to the general session today that the West Virginia memorial be nonconcurred in.

The action of the committee is not absolutely final, but a committee report upon a question of concern to but a few states usually is accepted by the conference without much discussion. Introduction of this memorial precipitated a three-cornered fight between the Baltimore and West Virginia delegations and the Kentucky conference representatives.

The Kentucky delegation favored the transfer of the Lewisburg district to West Virginia and at the same time was making every effort to pass a memorial through the committee providing for transfer of the Ashland district from the West Virginia Conference to the Kentucky Conference Delegates from the latter conference suffered defeat at the hands of the committee even worse than West Virginia, as the committee unanimously voted it down.

The Rev. E. V. Regester, of Alexandria, presiding elder of the Washington district, and E. Chase Bare, of Alderson, W. Va., a layman, as members of the committee on boundaries and finance, led the fight to retain the Lewisburg district.

Mr. Regester pointed out that the Baltimore conference had succeeded in maintaining the district and asserted that the West Virginia Conference was not strong enough to take care of any additional territory. He asserted there was no justice in the request that the West Virginia delegates wanted the Lewisburg district merely to boost that conference.

The Baltimore conference has gained two points thus far from the General Conference, the other being the action last Saturday by which ministers from the Methodist Protestant church will be admitted into the Methodist Church South without having to take the prescribed course of study.

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months.

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui *today*. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

BIG AGRICULTURAL LAND OPENING

TWELVE HUNDRED AND FIFTY TRACTS of five and ten acres each to be granted in prospective settlers in throwing open Twenty Thousand Acres of Rich, Southern Georgia Land, which is admirably adapted to the growing of celery, sweet and Irish potatoes, cantaloupes, water melons, corn, oats, cotton, hay—in fact all staple crops grown in this fertile section, as well as a large variety of semi-tropical fruits, and the famous immensely profitable paper-shell pecans.

Providing you are eligible under the classifacations prescribed by us, you are now offered an excellent opportunity to break away from the drudgery and toil of a small wage, or working for the benefit of landlords, and go back to the land of plenty, to which, if granted, you will hold a warranty deed and abstract.

The best security on earth is the earth itself and land is the basis of all wealth. Owners of productive lands are benefitting by the increasing high cost of living, while others are suffering from it.

An Opportunity to Secure Rich Productive Land Without Capital

You will not be required to leave your present surroundings now. All we ask of those to whom we grant tracks is that they plant or, arrange a crop of one of the above-mentioned products within three years, after which we will have it operated (harvested and replanted) for grantees, in consideration of 25 per cent. of the net profits derived from the ale of the crops, thereby allowing the grantee to pursue his or her present occupation until such time as they determine just what the yield of their acres amounts to. Consider what this may mean as a source of income, when statistics show that the yield of one acre of celery amounted to $1,268.45, and that one acre of well-cared-for paper-shell pecans, in full bearing, should net its owner as high as $500.00 per year. We are of the opinion that after it is proven by actual results obtained in operating the land that they will need no further arguing, and waste no time in locating on this land of plenty. We also require grantees to occupy the land within ten years, or sell it to some one who will occupy it, otherwise it reverts back to the grantor.

The land included in this opening is located directly on and adjoining the Atlanta, Birmingham and Atlantic Railroad, about twenty-five miles west of Brunswick, a thriving city of fifteen thousand, having direct steamship service to New York and Boston, and excellent railroad transportation facilities to all points. The average temperature for six months of the year, from April to October, is 77 degrees; the climate is most healthful, delightful, and invigorating, and there is an ample rainfall of 51 inches per year.

Our Aim is For Mutually Beneficial Results.

As we are extremely desirous of having settlers locate on this property, and assist in its development, and thereby greatly increase the value of surrounding and intervening property, which we will hold and to increase the traffic along the Atlanta, Birmingham and Atlantic Railroad, and thus facilitate the service, we feel warranted in granting these tracts to those who register with us. We also have in mind business and residence plots which we will offer for sale after the opening, but which will not be included in it. We have "money-making afterward" considerations in this liberal-minded opening similar to those of the Northern Pacific and other railroads when they granted their lands, and we expect to benefit thereby, as well as the ones who will receive the tracts.

We have also planned to develop what is designed to be the best equipped, most up-to-date, scientific, commercial farm and orchard in existence. It will consist of six thousand acres and will be included in this opening. All who register and receive tracts will get the benefit of the experiments and scientific methods in vogue thereon. While we are arranging to prevent over-registration, we will avoid many disappointments, such as occurred in other land openings conducted by the United States Government and railroads, by granting those who register in excess of the number of tracts to be granted, an interest in this commercial farm and orchard enterprise, in the hope that they may later locate in one of our town sites.

Examination of the land will be cheerfully permitted, and the opening will be held at Browntown, Wayne county, Georgia, one of the stations of the A. B. & A. Railroad, which is located on this property, and will occur as soon after the closing of registrations as arrangements can be made.

The presence of those registered will not be necessary at Browntown on the opening day, unless they wish to attend, for there will be no favoritism shown any one. It will be conducted by a committee selected for the purpose, and those registered will be notified of what they have been granted, as soon as possible.

With an ever-increasing population of this country there is no corresponding increase in the area of land, and naturally as the population increases and seeks the land in pursuit of health, happiness and independence, it will continue to be harder to secure.

The prosperous and contented class in Europe today are the descendants of those who secured land there when it was plentiful, while the descendants of those who obtained no land are now the peasants and slaves. **You must realize that this may be your last chance to secure land in this country without a large outlay of capital**, so it should not be necessary to urge you to act at once by forwarding us the application for registration attached to this announcement.

For Local Government

Prominent Citizens of Richmond call a public meeting to Protest Against the Overthrow of our present Local Option Law, and to Oppose the attack on the principal of Local Self-Government.

We, the undersigned citizens of Richmond, Virginia, believing that the preservation of the principle of Local Self-Government is of vital importance to all the people of this Commonwealth, and believing that the proposition to overthrow our present Local Option laws, and substitute therefor State-Wide Prohibition, without regard to the wishes of citizens in the individual communities of the State, is unwise and ineffective, and is a dangerous and insidious attack on the principle of Local Self-Government, do hereby call a meeting to be held on the 14th day of May, 1914, at 8:15 o'clock P. M., at the Academy of Music, Richmond, Va. We invite all citizens of Richmond, and others interested, to be present and hear the issuse involved in this proposed radical innovation presented by speakers who will address the meeting.
